Greg,

I took this directly from the City of Corpus Christi webpage.

<http://www.cctexas.com/services/health-services/laboratory-services>

Drinking water for regional public and private water systems and wells. Corpus Christi City Water is tested by the City of Corpus Christi Water Department at the O.N. Stevens Water Plant Laboratory (361) 661-1202.

James

Laboratory Services | City of Corpus Christi

Hello James:

This is pursuant to or discussion this morning.

Citizens in Aransas County are wondering about well sampling and where they need to go.
Do we know if there is a lab in that area that does this?
